

T&G HARDWOOD FLOORING

The AWP/Brewster group are excited to announce that their parent company Samling Global have recently achieved 3rd party certification of T&G Hardwood Flooring manufactured to AS/NZS 2269.0:2008 – Plywood Structural via the internationally recognized Standardsmark (five ticks) program as audited by SAI Global.

Certification of plywood products to the Standardsmark program is an international market first and the AWP/Brewster group are proud to be the exclusive distributors of T&G Hardwood Flooring manufactured and certified to these standards.
